

QUALITY POLICY

As a member of the Toyo Ink Group, we are a worldwide player in the ink industry, specialized in the development, manufacturing and distribution of radiation-curing inks and varnishes.

We attach great value to fulfill our promises and to strengthen the relationship with all stakeholders.

As a manufacturer and supplier of inks and varnishes for the Food packaging industry, Toyo Ink Europe guarantee that these products are being developed, produced and supplied according to the Good Manufacturing Practices. Management provides the necessary resources to guarantee this.

Our goal is to develop and supply products that consistently meet the needs and expectations of our stakeholders, with special focus on our customers.

In order to achieve this, we will:

- Communicate our vision and strategy to all stakeholders.
- Cooperate with our customers to support their activities, to develop new products for their specific application(s) and to create opportunities for our mutual interest.
- Develop and supply products, meeting and if possible exceeding the explicit and implicit expectations of our customers and potential customers, and complying with contractual and legal requirements.
- Apply internal quality care and aim for continuous improvement in regard to our processes.
- Define quality objectives and monitor the quality of our processes and products.
- Train and involve our employees / contractors.
- Employ the opportunities within the Toyo Ink Group.
- Provide the necessary resources to achieve our objectives.

We are convinced that the above commitments are the perfect foundation to conduct a durable company policy.

Best regards

Mr. Sumiya
Managing Director
